

DECLARATION ON THE CLASSIFICATION AND COMPLIANCE OF PROTECTIVE PLASTIC CASES FOR CUTTING TOOLS ACCORDING TO REGULATION (EU) 2025/40 (PPWR)

NAREX Žďánice, spol. s r.o.

Městečko 250, 696 32 Žďánice, Czech Republic

Company ID No.: 25576909, VAT No.: CZ25576909

Tel.: +420 518 607 111, E-mail: sales@narexzd.cz, Web: www.narexzd.cz

Narex Žďánice spol. s r.o. hereby declares that all protective plastic cases supplied together with taps and other cutting tools are intended for the long-term storage, protection, and safe handling of the product throughout its entire service life.

The classification of these protective plastic cases is based on the provisions of Section 2 of Act No. 477/2001 Coll., on Packaging, as amended, and on Regulation (EU) 2025/40 of the European Parliament and of the Council on Packaging and Packaging Waste (PPWR), in particular on the examples set out in Annex I of this Regulation. The products concerned are assessed as functional protective plastic cases intended for repeated use and the long-term storage of cutting tools throughout their entire service life.

Based on the aforementioned legal regulations, these protective plastic cases are not classified as packaging but as separate protective product accessories. For this reason, they are not subject to the obligations established for packaging and packaging waste, in particular the obligations relating to registration, reporting, and compliance within the packaging and packaging waste management system under the relevant legislation of the Czech Republic and the European Union.

We further declare that the protective plastic cases concerned:

- are manufactured from recyclable plastic materials identified on each individual case,
- comply with the requirements of Regulation (EU) 2025/40 (PPWR),
- do not contain substances whose use is prohibited or restricted under PPWR beyond the prescribed limits,
- are intended for use throughout the entire service life of the tool.

At the end of the service life of the tool or the case, its disposal must be ensured in accordance with the applicable legal regulations and the recycling identification marking indicated on each individual case.

This declaration is issued in accordance with the applicable legislation of the Czech Republic and the European Union and documents the classification of protective plastic cases for cutting tools under the relevant legal regulations.

Place of issue: Žďánice

Date of issue: 1 July 2026
